in Every Drop*

Trichosil

Silymarin, L-Ornithine, L-Aspartate,
Tricholine Citrate & Vitamin Syrup

INDICATIONS

- | | |
|-------------------------|--------------------------|
| ● Chronic liver disease | ● Hepatic encephalopathy |
| ● Cirrhosis | ● Severe hepatitis |

Trichosil

Silymarin, L-Ornithine, L-Aspartate,
Tricholine Citrate & Vitamin Syrup

Silymarin

- “Protects, Repairs & Regenerates”
Triple action on liver cells,
Derived from milk thistle seeds.

L-Ornithine L-Aspartate

- Effective for the management of hepatic encephalopathy.
- Effective not only in reducing hyperammonemia and the severity of disease, but also in improving the patient's perceived quality of life.

Tricholine Citrate

- Is a hepatoprotective, with the ability to scavenge oxidants against Ket-induced hepatotoxicity.

Vitamins

- Assists normal secretion of bile and stomach fluids.
- Assists proper metabolic processes in the body in case of liver disorder.

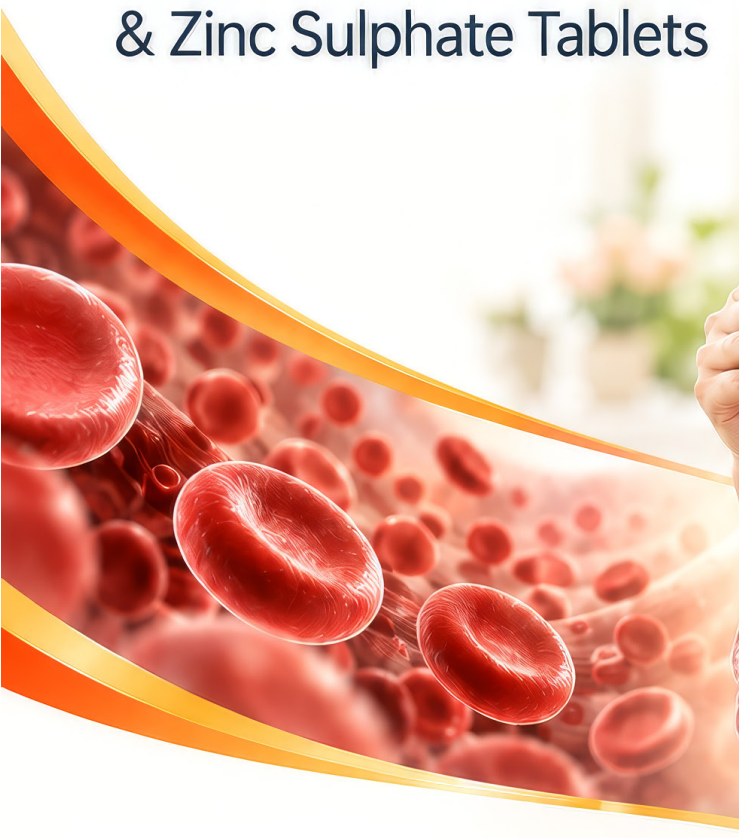

Dosage & Administration

One teaspoonful once daily after meal,
or as directed by the physician.

*A Multi Utility Haematinic
with Higher Compliance*

Irok-XT

Ferrous Ascorbate, Folic Acid
& Zinc Sulphate Tablets

INDICATIONS

- Anaemia
- Iron deficiency
- Menorrhagia
- Lactation
- Pregnancy
- Blood loss

Irok-XT

Ferrous Ascorbate, Folic Acid &
Zinc Sulphate Tablets

Ferrous Ascorbate

- Considered as gold standard in iron therapy.
- World's most widely recognized reference iron.
- Prevention & treatment of iron deficiency anaemia in pregnant women & children.

Folic Acid

- Folic Acid acts on megaloblastic bone marrow to produce a normoblastic marrow.

Zinc Sulphate

- Vital for foetal growth.

Dosage & Administration

One tablet once daily, or as directed by the physician.

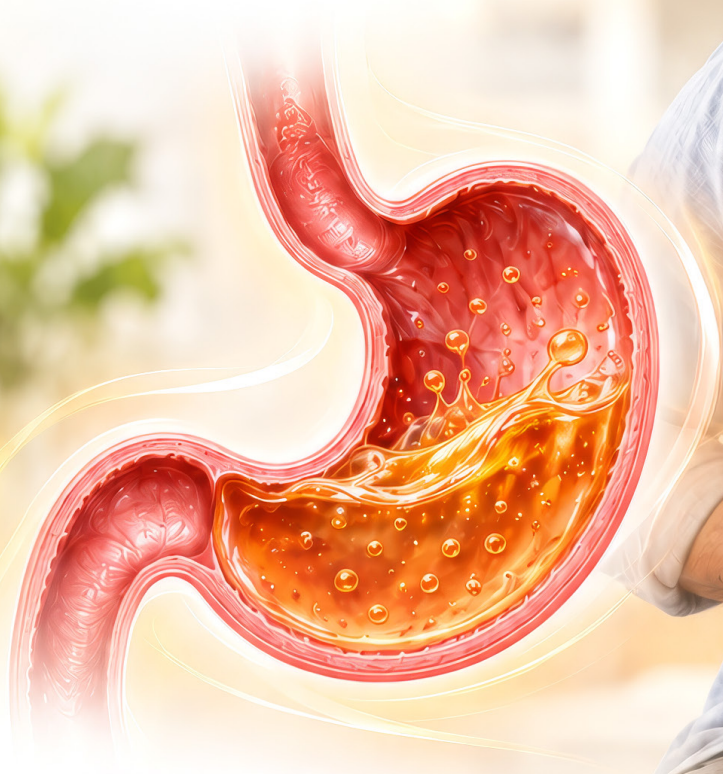

*Supporting the charm of a **healthy** woman.*

When *acid storms* rushes into your stomach

Kyropan-D

Pantoprazole 40 mg +
Domperidone SR 30 mg Capsule

INDICATIONS

- Functional dyspepsia
- Erosive esophagitis
- GERD
- Nausea & vomiting
- Peptic Ulcer Disease
- Gastritis

Kyropan-D

Pantoprazole 40 mg + Domperidone SR 30 mg Capsule

Pantoprazole

- Rapidly activated under strongly acidic conditions.
- Rapidly absorbed after oral administration.

Domperidone

- Speeds gastrointestinal peristalsis & motility.

Dosage & Administration

One capsule once daily on an empty stomach, or as directed by the physician.

Helps prevent reflux & supports faster healing.

*Your Guard Against
Acid Peptic Disorders*

Kyropan-40

Pantoprazole 40 mg Tablets

INDICATIONS

Gastric ulcers

Duodenal ulcers

GERD

NSAID-induced ulcers

Kyropan-40

Pantoprazole 40 mg Tablets

Excellent pain relief in ulcer healing

- Pain relief achieved with Pantoprazole influences favourably as compared to Omeprazole & Lansoprazole.

Similar efficacy to Rabeprazole

- Pantoprazole 40 mg/day & Rabeprazole 20 mg/day has similar efficacy in ulcer healing at 4-8 week treatment.

Better than Esomeprazole in GERD related symptoms

- Pantoprazole resulted in significantly faster first time relief from daytime & night time GERD related symptoms than Esomeprazole.

Dosage & Administration

One tablet once daily on an empty stomach, or as directed by the physician.

*Best Formulation to Curb
Gynaecological Problems*

Metrocordial

Women's Health Restorative Syrup

INDICATIONS

Menorrhagia

Irregular Cycles

Unexplained Infertility

Dysmenorrhoea

PCOS

Metrocordial

Women's Health Restorative Syrup

*Therapy designed to regulate
Feminine Rhythm, Naturally:*

Relaxes Uterine smooth muscles.

Controls frequency & height of rhythmic contractions.

Smart Synergy For Tougher Infections

Kyrocep-CV

Cefpodoxime Proxetil 200 mg +
Potassium Clavulanate Acid 125 mg Tablet

INDICATIONS

- Typhoid Fever
- Respiratory Tract Infection
- Nosocomial Infections
- Genitourinary Tract Infection
- Soft Tissue Infections
- Intra-abdominal Infections

Kyrocep-CV

Cefpodoxime Proxetil 200 mg +
Potassium Clavulanate Acid 125 mg Tablet

Cefpodoxime

- Potent antibacterial activity against Gram-positive / Gram-negative bacteria; high stability in presence of beta-lactamases.

Potassium Clavulanate

- Protects cefpodoxime against destruction caused by beta lactamase enzyme.

Effects of Combination

- Synergistically active against bacterial infections caused by beta lactam resistant pathogens.

Dosage & Administration

One tablet twice daily for 5–10 days,
or as directed by the physician.

A Complete Antibiotic for Varied
Etiologies of *Infectious Diseases*

Kyradox

Doxycycline 100 mg + Lactobacillus 60 mg **Tablets**

INDICATIONS

Gynaecological infections

Genitourinary Infections

RTI

Dental infections

ENT infections

Venereal diseases

Kyradox

Doxycycline 100 mg + Lactobacillus 60 mg Tablets

Formulation highlights:

- Imparts high potency due to complete absorption & longer plasma life.
- Depicts least alteration of intestinal flora & thus low incidence of diarrhoea.
- Safe with no renal toxicity.

Combination therapy:

- Doxycycline is integral part of combination therapy for treating gonorrhoea, syphilis, PID & other STD.

Dosage & Administration

One tablet twice or as per directed by physician

Ensure *Rich Health* With Protein Treasure

Pro24

Enriched with
DHA & GLA

Protein Powder (Sugar Free),
Chocolate Flavor

INDICATIONS

-  As protein supplement
-  Compromised immunity
-  After prolonged illness
-  Physical fatigue and lethargy
-  In geriatrics & convalescence

Pro24

Enriched with
DHA & GLA

Protein Powder (Sugar Free),
Chocolate Flavor

Nutritional support:

Provides supply of essential /
non-essential amino acids.

Facilitates recovery of muscle
function and performance.

Strengthens immune system
and overall wellness.

Plays important role in body's
growth and maintenance.

Dosage & Administration

As directed by the physician.

*Overcomes the menace of
inflammatory diseases*

Paradase

Aceclofenac 100 mg + Paracetamol 325 mg +
Serratiopeptidase 15 mg Tablets

INDICATIONS

Rheumatoid
Arthritis

Ankylosing
Spondylitis

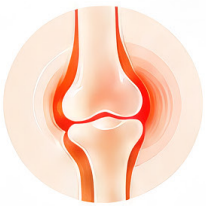

Fibrositis &
Tendonitis

Low Back Pain

Paradase

Aceclofenac 100 mg + Paracetamol 325 mg +
Serratiopeptidase 15 mg Tablets
